EDUCATION

Sister Nivedita University (MAKAUT)  
B.Tech, Computer Science & Engineering – Data Science  
• Coursework: Data Structures & Algorithms, Machine Learning, DBMS, Operating Systems, OOP.

Kolkata, India  
Aug. 2024 – 2028

TECHNICAL SKILLS

**Languages:** Python, TypeScript, JavaScript (Node.js), Solidity, Rust, C, SQL    **Frontend:** React, Next.js 14, Tailwind CSS  
**AI/ML:** TensorFlow, PyTorch, scikit-learn, HuggingFace, LangChain, OpenCV, FaceNet, Stable Diffusion, BERT, SHAP, LIME, Grad-CAM++, NLP, MLOps  
**Backend:** NestJS, FastAPI, Flask, PostgreSQL, Prisma, Redis, BullMQ, REST APIs, Docker, GitHub Actions, AWS S3/DynamoDB  
**Web3:** Soroban (Stellar), Solidity/EVM, Celo, TigerBeetle, DeFi, Multi-Agent Swarm, USDC Settlement    **Cloud:** GCP, Vercel, Heroku, Vultr VPS, Linux

EXPERIENCE

Lumeo / Oxify Labs – CEO & Co-founder  
AI-native financial OS for Indian freelancers/exporters. 850+ waitlist; 60+ investor outreach (Accel, Elevation, Blume, Peak XV).Feb. 2026 – Present  
• Kill-shot flow: payment → auto-FIRA → reconcile → ITR-4 prefill → yield allocation; compliance automation (ERI API, GST, 44ADA).  
• TigerBeetle ledger + Soroban/USDC settlement on Stellar; NestJS microservices, PostgreSQL/Prisma, BullMQ; leading 4-person founding team across SNU and Heritage Institute.

Kolkata · Full-time

HackQuest  
Developer Advocate (Internship)  
• Advocating for Web3 and Solidity tooling; producing technical content bridging blockchain development with real-world workflows globally.

India · Remote  
Nov. 2025 – Present

GeeksforGeeks SNU Chapter  
Technical Executive  
• Mentored 15+ teams through full AI/ML lifecycle (problem framing to deployment) using Python, TensorFlow, Flask, Docker; enabled 10+ live demos; conducted code reviews and hyperparameter tuning sessions.

Kolkata · Hybrid  
Mar. 2025 – Nov. 2025

Brainwave Matrix Solutions | AI Wallah | Codec Technologies  
AI/Generative AI Intern (3 concurrent internships)  
• Engineered ML models (supervised/unsupervised, NLP, CV) at Brainwave; fine-tuned transformers and built inference pipelines at AI Wallah; deployed neural network solutions on Heroku at Codec.

Remote  
May 2025 – Sep. 2025

PROJECTS

**Archi.dev** | TS, Next.js, LangChain, LLM, Graph Reasoning | GitHub | Live    **Serene Mind** | Python, PyTorch, OpenCV, AWS | GitHub  
• **Archi.dev:** AI architect automating scalable microservices design using LLMs and graph reasoning. **Serene Mind:** Multimodal emotion detection (text, voice, facial) with mental health risk scoring.

**DACAP** | Solidity, Rust, AI Agents, DeFi | GitHub    **Zelda** | Python, FaceNet, MTCNN, Anti-Spoofing | GitHub | Live  
• **DACAP:** Decentralised hedge fund protocol – AI auditor securing and optimising smart contracts for autonomous finance. **Zelda:** ML facial auth with adaptive learning and advanced anti-spoofing.

**AutoFi** | TS, Celo, Multi-Agent Swarm | GitHub    **Shortlist AI** | Next.js, NLP, AWS | GitHub    **Sage AI** | Python, Gemini, Mistral | GitHub  
• **AutoFi:** DeFi automation on Celo via multi-agent swarm for risk analysis & treasury. **Shortlist AI:** ATS resume screener via NLP. **Sage AI:** Voice companion w/ Gemini 2.5 Flash & Mistral 7B.

**XAI for Plant Disease Detection** | CNN, SHAP, LIME, Grad-CAM++, TensorFlow | Research – In Progress  
• Co-authoring research on XAI-enhanced CNN plant disease detection; 20-entry literature survey (2021–2025); farmer-interpretable visual explanations pipeline.

LEADERSHIP & COMMUNITY

**Google** | Gemini Student Campus Ambassador – organised AI workshops, bridged Gemini tooling with student projectsAug.–Dec. 2025  
**GirlScript Summer of Code** | Campus Ambassador – promoted STEM diversity, mentored aspiring open-source contributorsJul.–Dec. 2025  
**NAMESPACE** | Campus Ambassador    **LNC Community** | Dev Team Member (OSS)    **Coding Ninjas SNU** | Tech Team Member2025

CERTIFICATIONS & ACHIEVEMENTS

**SIH'24 Finalist** – Smart India Hackathon 2024 (national).    **Google Solution Challenge** – Certificate of Achievement, Aug. 2025.  
**Full Stack & AI/ML Developer** – Sheryians Coding School, Dec. 2024 (ID: 4206cc18).    **MLOps for Generative AI** – Google Cloud Skills Boost (ID: 14380920).  
**Transformer Models & BERT** – Google Cloud Skills Boost (ID: 14380523).    **Programming in C** – Univ. of Michigan / Coursera (ID: 238IJZRVSDCU).  
**Common Aptitude Test** – iStudio (ID: CIT-P-1685600).    **Technex'25** – IIT (BHU).    **TechBiz'24** – IISER Kolkata.    **Best Management & Creative Experience; Best Photographer Award** – Swanirbhar E-Cell, 2023.
